Recent and Forthcoming Books Available for Review

The purpose of this new feature—this list of recent and forthcoming titles—is, first, to notify readers of current research about magazines and, second, to seek reviewers for the listed titles. Anyone interested in reviewing books on this list or other recent titles (2009 and 2010) related to magazines, please contact me so I can ask the publisher to send the desired book for review in the next issue of the Journal of Magazine & New Media Research. Simply email me at berntj@ohio.edu with the title of the book you would like to review and a short biography that indicates your teaching and research interests, as well as your academic title, institutional affiliation, and information about any of your own recent publications.
